

Automated Backflow Stabilization

Literature Review Report

David Meadon

June 7, 2019

fraction: $\frac{4}{5}$
A more substantial form:

$$\int_0^T \int_0^a \int_{x_0}^{x_k} f(t, x)^{3z^2} dt dx dz$$

vs

$$\int_0^T \int_0^a \int_{x_0}^{x_k} f(t, x)^{3z^2} dt dx dz$$

This is some text.

Here I am just testing git stuff
